## Early Ford V-8 Club “Opt Out” Policy

### Privacy of Information Provided

The Early Ford V-8 Club of America (the CLUB) collects information from members at the time of your initial membership and/or at the time of your membership renewal. This information includes you name, mailing address, phone number, E-Mail address, spouse’s name, and club vehicles you own.

This information is collected in a computer database, used only by the Club for administrative purposes and to mail the Club’s publication, the V-8 TIMES, and the annual Membership Roster to those members entitled to receive these publications. The Club is sensitive to the privacy of its members, and has long embraced a policy of NOT providing this information to others. This policy will continue for the foreseeable future.

### “Opt-Out”

While we must have information necessary to contact you regarding your membership, we are required by law to allow you to “opt-out” of having your personal information displayed publicly by the Club, such as the information provided in the annual Club Membership Roster.

If you wish to have your information removed from this publication, please contact: CORNERSTONE REGISTRATION, P.O. Box 1715, Maple Grove, MN

55311 or TOLL FREE (866) 427-7583 and ask to have your name and other personal information removed from the roster database. Having your name removed from the roster database WILL NOT affect mailing the Club publications to your mailing address.

Beginning soon you will be able to update your membership information online. ([www.earlyfordv8.org](http://www.earlyfordv8.org)) Renewal forms will also have an “opt-out” check box to permit this change at the time of membership renewal. If you do not see this option on the renewal form, please contact CORNERSTONE REGISTRATION.

### Change in Policy

If the Club decides to make the membership database available to third parties, the Club will provide ample notice of this decision in the V-8 TIMES and by letter to the members who do not receive the V-8 TIMES as part of their membership. This period of time will be sufficient to allow members to “opt-out” of the information provided to those third parties.

The Early Ford V-8 Club of America and its regional groups respect an individual’s right to privacy, and we will do all that we can to ensure that your personal information is handled according to your wishes.

If you have any questions regarding this policy, please contact your Regional Director of the Early Ford V-8 Club.
